Education

Bachelor of Technology,

Sagar Institute of Research & Technology Bhopal

06/2023 – 06/2027 | Bhopal , MP

12th, St. Xavier

06/2022 – 06/2023 | Bhopal

percent 76%

10 th, St. Xavier

06/2020 – 06/2021 | Bhopal

percent 83%

Skills

HTML , CSS, JS

SpringBoot

Java

Node, Express , MongoDB, Postman , Postgres, SQL

Certificates

- Frontend Development
- Backend Development
- Java
- Spring

Professional Experience

Problem Setter, Sheryians Coding School

09/2025 – Present | bhopal

- Designed and created high-quality **DSA / coding problems** for students and contests.
- Wrote clear and structured **problem statements**, constraints, and examples.
- Developed **optimized solutions** and clean reference implementations (mainly in Java).
- Created **comprehensive test cases** including edge cases, corner cases, and large input scenarios.
- Ensured **correctness and validation** of problems through multiple test runs.
- Uploaded and managed problems on the platform, maintaining proper **difficulty levels and categorization**.
- Handled **question publishing workflow**, including formatting, tags, topics, and contest integration.
- Maintained quality standards to ensure fair evaluation and learner-friendly clarity.

Projects

HP Website Redesign (UI/UX + Frontend),

Redesigned HP website with a modern UI/UX approach and implemented responsive, component-driven frontend screens.

2) Real-Time Location Tracker (Live Tracking System),

Developed a real-time location tracking system using geolocation APIs and socket-based live updates with map visualization.

3) AI Agents (Automation + Intelligent

Workflows), Built AI agents to automate intelligent workflows using modular agent architecture and prompt-based reasoning pipelines.
